fun

## Outsource the teacher

Check out Geraldine the Giraffe on YouTube for phonics, spelling, grammar and punctuation. There are 600+ fun and educational videos, plus someone else does the teaching for you!

## Scavenger hunt

Go on a 'shape or number hunt' around the house and get the kids to draw or take photos of the numbers and shapes they find.

## See the world

Take a virtual tour of Yellowstone National Park in Wyoming, the Louvre in Paris, the Great Wall of China, the San Diego Zoo or Mars:

- <https://www.nps.gov/yell/learn/photosmultimedia/virtualtours.htm>
- <https://www.louvre.fr/en/visites-en-ligne>
- <https://www.thechinaguide.com/destination/great-wall-of-china>
- <https://kids.sandiegozoo.org/>
- <https://accessmars.withgoogle.com/>

# Calling all budding artists

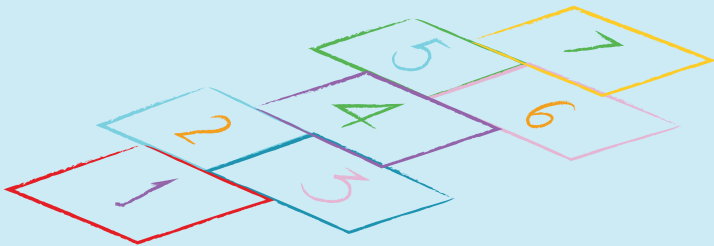

Get creative at the Art Hub, and follow along with the tutorials: [artforkidshub.com](http://artforkidshub.com)

## Chalk it up

Draw a hopscotch on the pavement and leave the kids to it. Or, have fun creating messages of kindness for walkers.

## Mini and mindful

Start good habits early with yoga and mindfulness at [cosmickids.com](http://cosmickids.com)

## Pick gratitude

Draw the outline of a flower and get the kids to write something they are grateful for on each petal of the 'gratitude flower'. Then they can colour it in. Alternatively, get crafty. Find a stick outside for the stem, and use paper to cut out the petals of the flower to create a 3D version.

➔ Check out the next page for our **Gratitude flower** template.

# Gratitude Flower

Print out the template and cut out the petals.  
Get creative and colour them in!
